General Information:

The V7 Sport 750 S was first registered in Germany. For many decades the Guzzi was in one hand until we sold this very nice machine to a collector in France. Fortunately, we were able to acquire the 750 S again, as the French collector has restructured his collection. With only 1,300 produced, it is ideal when we can offer a 750 S that is almost in original condition. Starting with the relatively low mileage, the electric fuel tap, rims, drivetrain, matching numbers and many other details, it is a very good collectors item.
